

# Disclaimer

---

This Portal aims to provide an overview of information and references for staff and individuals interested in learning about the United Nations. While the content of this Portal was prepared with utmost care, the Organization cannot guarantee the completeness, timeliness or correct sequencing of the information provided. The information is subject to the authority, interpretation and application of the prevailing current United Nations Staff Regulations and Rules, administrative issuances, policies and guidelines, which may change from time to time and which cannot not always be updated in real-time on this Portal.

Any person relying on the information provided is therefore reminded to verify that the information remains accurate and to review the corresponding reference documentation. The United Nations accepts no liability for the content of the information or consequences of any actions taken on the basis of the information provided unless that information is subsequently confirmed in writing by a duly authorized official.

## Medical Disclaimer

The medical information, including but not limited to, text, graphics, images and other material contained on this Portal are for informational purposes only. The purpose of this Portal is to promote understanding and knowledge of the health topics contained therein. It is not intended to be a substitute for professional medical advice, diagnosis or treatment. Always seek the advice of a physician with any questions you may have regarding a medical condition or treatment and never disregard professional medical advice or delay in seeking it because of something you have read on this Portal. Also this Portal does not recommend or endorse any specific tests, physicians, products, procedures, opinions or other information that may be mentioned on this Portal. Reliance on any information appearing on this Portal is solely at your own risk. The United Nations does not accept any responsibility for the content of the medical information provided or for consequences of any actions taken on the basis of the medical information provided.
